## A Path Of Friends

What if there was a place to come too, that forever reminded you of your days in Bartlesville, and Washington County? A Place to bring your children, or grandchildren? A Place where you could permanently be a part of the history of this area?

Such a place has existed in Bartlesville since 1947. Nestled comfortably in downtown Bartlesville, near Johnston Park and the Caney River, is a very special place for children, known as... "Kiddie Park!!!" This little treasure has touched the hearts and lives of many little folks and their families through the years. It has become an historical landmark, all on its own.

Now you can have an engraved brick (or paving stone) bearing the name of a loved one, a special group, or event. In two different sizes and hundreds of styles. Your lasting memorial will serve two purposes:

1. They create a memorial to which you can return for years to come. What better way to show how the Kiddie Park touched your life and the wonderful memories of having fun with your family and friends.

2. Proceeds from the sale of these commemorative bricks (or paving stones) will go towards park developments and the purchase and maintenance of rides. You'll play an important role in creating the "Path of Friends", which in the future will feature – benches, waterworks, planters, trees, a gazebo and more. Making this a more comfortable, fun place for the community and visitors to gather for years to come.

A few simple rules...

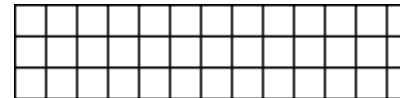

- Use only one character (letter, number, space or punctuation mark) per box.
- Information will be centered for you.
- Print legibly exactly as you wish to have it appear on pavestone.
- Kiddie Park reserves the right to reject any Inscription it deems inappropriate.
